

We receive many inquiries and welcome marketing ideas that you may have. We also invite all potential marketing partnerships that complement the Streaming BASE product lines.

If you are looking for a "Private Label" solution or may have an idea of how Streaming BASE can complement your business we would like to hear from you. Please [contact us](#).

STREAMING BASE HOLDS SEVERAL UNIQUE ADVANTAGES OVER CONVENTIONAL WEB STREAMING SOLUTIONS

Broadcasting, integrated video sharing, chat, Voice-over-IP, screen sharing, polling, recordings and much more is delivered through a Adobe Flash and Flex interface requiring no installation, no complicated configuration and no expensive setup. To start using the Streaming BASE product you literally click a link, login and start video conferencing!

Examples of Partnership projects completed in the past:

- Private label StreamingBASE Solutions
- Hosting of Flash Video/Audio Feeds
- Event Broadcasting
- Special Flash Video Infomercial's

We sustain an active partner program by continuously seeking out new competence's in our field.

We are dedicated to delivering the best solutions and servicing our partners and their clients needs. If you have something to offer in the field of web-based broadcasting, pay per view solutions, collaboration tools and custom programming services or feel that your competence may complement these offers, a collaboration with us may be exactly what you are looking for.

WE ARE LOOKING FOR PARTNERS IN

Resale and Distribution of Streaming BASE
Programming and Collaboration Technologies

RESALE AND DISTRIBUTION OF STREAMING BASE

We are actively looking for resellers in collaboration broadcasting and web-conferencing software and along with custom development. We offer generous margins to those who offer our unique set of collaborative Streaming BASE products. If you possess an existing client base, or would like to create one while representing our products and services, please contact us.

PROGRAMMING AND COLLABORATION TECHNOLOGIES

We are looking for strategic alliances with complementary software vendors who wish to offer the Streaming BASE applications as an add on or and integral part of their own applications.
